BEST OF BUILDER MART

More than 4,000 building industry professionals hit the exhibit floor on March 24, 2010 to take advantage of Builder Mart's annual 1-day marketplace. Over 300 booths filled the Maryland State Fairgrounds, displaying the latest products and services available to the building industry.

Builder Mart proved to be an opportunity for attendees to meet with key decision makers, company owners and presidents, purchasing agents, project supervisors, sales managers and old friends. Builders and remodelers from the Mid-Atlantic region discovered the newest trends and ideas for building projects and enjoyed Builder Mart's ever popular bull and oyster roast and beer garden.

Builder Mart – March 23, 2011 – don't miss it.
